TESTIMONIAL

"MCAT Tutoring with MSC was Awesome! Coral, Connor, and Ken were amazing tutors. My score went up 19 points from my diagnostic exam (496 to a 515) working with them. I am a sociology major and took the exam a month after finishing my first semester of biology. When I set my target score to 515 I thought I was being overly optimistic and I really wasn't expecting to reach it the first go around. I purchased the platinum package and MedSchoolCoach master tutor Ken took my target score really seriously and worked with me to build a custom study schedule to get me there. Thank you guys so much for all your help!"
